

Each medical physicist who provides medical physics services at this facility must verify that they meet FDA requirements by completing a copy of Section H.

Please print, type or complete this form by computer. To use your computer, double-click the space and type or click your response. Tab to move to the next question. Signature dates must be within one year from the date of the most recent medical physicist's Annual Survey report. Original, electronic or faxed signatures are required and considered legally binding for this document. Stamped signatures are not acceptable. Complete all sections; an incomplete application will delay your accreditation.
